

Central Murray BWBL Group

Invites you to a

Practical Use of Vaccines Monday 23rd May 2022

AGRICULTURE VICTORIA

The Central Murray BWBL group and Western Murray Land Improvement Group invites you a presentation on best practice and practical use of vaccines at lamb marking and weaning.

Activities Include:

Presentation:

Heidi Sutherland from Zoetis.

Animal Health.

Topics:

- Why we should have an annual vaccination and drench program for our flocks.
- What are the benefits of an organized program and what are the negative costs to production and animal welfare of not having program?
- Discussion about best practice, management and the practical use of vaccines and drench at lamb marking and weaning.
- Correct techniques that avoid injury to sheep and lambs, infections carcass damage and ensure the full benefits of available vaccines.
- Continued vaccination and drench program for the lifetime of the ewe.

What:

Kicking off with a brief preliminary discussion for our annual plan for 2022/23. (20 min)
