

IDENTIFYING WATER OPTIONS FOR YOUR FARM BUSINESS

Exploring the role of irrigation water in maximising opportunities for business growth and farm performance

When: 21 June 2022 | 9:30am - 12:30pm
(includes morning tea and lunch)

Where: Kelly Room, Finley Football Netball Club, Tocumwal St, Finley, NSW

[REGISTER HERE](#)

PLACES ARE LIMITED

This workshop is aimed at irrigation-based farm businesses that are looking to grow, expand or diversify.

This three-hour session will focus on the role of irrigation water in growing the farm business and help farm businesses develop strategies and make decisions which will enhance farm performance and maximise growth opportunities.

Join local producers Daniel and Chris Liphuyzen, Rob Rendell, RMCG, Cam Nicholson, Nicon Rural Services, and Troy Mauger, Rice Extension, for this informative workshop specifically aimed at irrigators contemplating how to best manage their water portfolio(s) to grow their farm business.

For further information contact Adrian Smith at Murray LLS on 0447 778 515
